

MCKENNA FARMS THERAPY SERVICES SUMMER CAMP

2008

Outdoor Adventure

This fun outdoor trek to the banks of the creek is for kids who don't mind being outdoors. Exploration and discovery in nature are tremendously enriching learning opportunities. Children will participate in scavenger hunts, a variety of nature themed activities and horse activities.

Wednesday & Friday
9 – 11 am

McKenna's Kitchen

Come to McKenna's Kitchen (a fully equipped kitchen) for cooking activities that will facilitate communication and social skills. Personalized photo cook book included.

Wednesday & Friday
9 – 11 am

Move and Groove

When the body struggles, the will, rhythm and music can provide the framework for coordination, strength and planning. Our therapists incorporate musical activities into a program designed to work on all areas of motor development.

Wednesday & Friday
11:30 – 1:30 pm

McKenna Farms has several exciting Summer Camp groups for Special Needs Children.

Each group has experienced therapists involving the children in positive activities which emphasize development of language, social, and motor skills.

"SO COME AND JOIN US AT THE FARM!"

Groups are divided according to age and skill level of the children.

Camps will be offered:

Session I: June 4 - 27

Session II: July 9 – 25

\$75 per day

Days: Wednesdays and Fridays

Times: 9 am-11 am

11:30 am - 1:30 pm

Ages: 4 – 12

Days and times are subject to change depending on group size

Siblings Time Together

Here's a chance for siblings of special needs kids to shine together. Siblings can often feel lost in the shuffle of a special needs sibling schedule. We want to give siblings the opportunity to engage in activities with their special needs sibling that is enjoyable and fun while spending time with other children with similar family situations

Wednesday & Friday
11:30 – 1:30 pm

Fun Unlimited

This group is specially designed for children whose abilities limit their participation in other groups. Our focus will be on fun and exploration with a variety of sensory and motor activities. Our therapists will provide a combination of indoor and outdoor activities suitable for each child's abilities

Wednesday & Friday
9 – 11 am

Just Horsing Around

Learning to care for a horse incorporates a variety of fine and gross motor coordination skills. Participants will learn about horses and specific techniques used to care for a horse, as well as, get hands on experience with developing these skills. In addition, participants will be able to ride a specifically chosen horse according to their needs and abilities.

Wednesday & Friday
11:30 – 1:30 pm
